

Specifications

Print technology	Inkjet technology
Input	RGB (sRGB / AdobeRGB)
Print resolution	2400 × 1200 dpi
Print size	3.5" x 3.5" / 25" x 12"* (89mm x 89mm / 635mm x 305mm)
Printing Speed	
8" x 10"*	1,180 pages per hour (Single-sided)

*Calculated speed rating does not include processing time and is based on time lapse from paper input to fully printed paper output of 8"x10" photographic sheets.

Photo Album*	72 seconds per album / 50 albums per hour (8.27" x 11.69" size / 20 pages double-sided)
--------------	--------------------------------------------------------------------------------------------

*Calculated speed rating does not include processing time and is based on duplex printing of ten full-bleed A4 (8.27" x 11.69") sheets. A complete Photo Album or POD production requires a separate bookbinding process, not included in this time.

Ink	Seven dye-based inks Black, cyan, magenta, yellow, photo cyan, photo magenta, gray
Paper supply	Two rolls loadable Four rolls loadable (With optional paper deck)
Paper Type	Metallic paper (single-sided) Luster paper (single-sided) Luster paper (double-sided) Glossy paper (single-sided) Glossy paper (double-sided) Silky paper (single-sided) Satin paper (double-sided)

Sorter	Large-size	10 bins
	Small-size	10 bins

Floor space Width: 247.7" × Depth: 150.7" × Height: 82.3"
Width: 275.1" × Depth: 150.7" × Height: 82.3" (With optional paper deck)

Dimensions and Weight

Dimensions Width: 142.9" x Depth: 63.0" x Height: 60.6"
Width: 170.3" x Depth: 63.0" x Height: 60.6" (With optional paper deck)

Weight [Max weight] approx. 5,820lb Note: Including printer, roll paper × 2, ink, water & wasted ink
[Max weight] approx. 6,393lb (With optional paper deck)
Note: Including printer, optional paper deck, roll paper x 4, ink, water & wasted ink

Operating Environments and Power Requirements

Operating Environments (Temperature/Humidity) 15°C - 27°C / 30% -70%

Power Requirements Three-phase 208V 30A 60Hz x 2 USA, Canada, Mexico
Single phase 208V 30A 60Hz x 1
