

## EASIEST TO USE OFFICE COPIER

*Color A3 MFP, 50 ppm and over*

The Usability tests look at the interface, the driver and many other features. Our test engineers test machines of every brand, and these rigorous analyses are both scientific and objective.

INDEPENDENT LABORATORY  
the printing solutions experts

**DataMaster Lab** is completely independent and objective.

**DataMaster Lab** is the only European test laboratory specializing in the world of digital printing: printers, photocopiers, MFPs/MFDs, digital presses, and related software solutions. No revenue is derived from testing. All of the **DataMaster Lab** awards are derived from tests carried out by our own test teams.
